Hi Samantha,

I reviewed the two documents and only had a change for my mailing address and phone number.
I'd also like to add Shannon Bartelt-Hunt and Judy Wu-Smart as investigators from UNL.

Let me know if you need anything else. Thanks! -Dan

Good Afternoon Dan,

Our attorneys have made some changes and finalized their review of the attached CRADA between the EPA and University of Nebraska-Lincoln. Before we proceed with signatures, I wanted to share the updated copy with you to make sure you have no concerns with any edits. All edits were minor and they did remove some of our legal language that did not apply to this specific agreement. Also, I wanted to check to see if UNL has any Principal Investigators that should be listed on the agreement.

Thank you,

Samantha Plishka
